OF THE

## IMMACULATE CONCEPTION.

---

**THIRTY-SIXTH YEAR.**

---

The College of the Immaculate Conception, conducted by the Fathers of the Society of Jesus, was founded in December, 1847; and was endowed by the Legislature of Louisiana, March, 1856, with all the rights and privileges of a University.

The Course of Studies is two-fold: the Undergraduate or Classical and the Commercial, to which is added a Preparatory Department for younger boys.

The Classical Course, which leads to the degree of Bachelor of Arts, embraces the study of Mental and Moral Philosophy; the English, Latin, Greek and French languages; Rhetoric, Belles-Lettres and Elocution; Arithmetic, Mathematics and the Natural Sciences; History, Geography and Mythology. To obtain the degree of Master of Arts, the student, after receiving the degree of A. B., must devote another year to the study of Philosophy, or two years to any of the learned professions.

The Commercial Course embraces all the studies of the Classical Course, Latin and Greek excepted. At the completion of the Course, honorary certificates are conferred upon

those who have passed satisfactory examinations. The degree of Bachelor of Science can be obtained by devoting an additional year to the study of Philosophy, Mathematics and Literature.

The Academic year, which begins on the first Monday of October, and closes about the end of July, is divided into two terms, the second beginning in March. A general examination in all the classes is held towards the close of each term.

At the beginning of each month the places or degrees of merit obtained by the students during the previous month are publicly proclaimed, and testimonials awarded to those who have attained the prescribed degree of excellence. A report of these marks is given to every student that it may be signed at home by his parents.

Each student, on entering, is examined by the Prefect of Studies, and placed in the class for which he is qualified. Students are not admitted unless they know how to read and write.

The aim of the Faculty being to prepare young men for the arduous duties of life, great attention and care are given, not only to Literature and Science, but also to Religion, that most essential of all arts and sciences, without which there can be no complete and harmonious development of the intellect and heart of man. Hence, the doctrine and practices of religion are carefully taught, and the greatest attention paid to morals.

## College Regulations :

Students are admitted into the College yard at 8 A. M. All are obliged to be present at 8:45 A. M., at which hour they go to church.

The hours of class are from nine o'clock in the morning until three in the afternoon, with recesses at convenient intervals. During these recesses no student will be allowed to leave the College premises without special permission.

In case of absence, a note from parents is invariably required.

Home study for the space of three hours is required every day.

Thursday is the weekly holiday.

As the Catholic students are required to attend regularly to their religious duties, there will be a special mass for them on the third Sunday of the month, at which all are obliged to be present.

All must be clean and neat in person and apparel, polite and obedient to the officers of the College, and respectful to their companions.

Good conduct, punctual and regular attendance, and constant application to study will be required from all students; and students notably failing in any of these points will be liable to have their names struck off the College Roll.

Boisterous conduct, dangerous and rough plays, everything contrary to decency and morality, are strictly prohibited. In fine, any conduct unbecoming the character of a gentleman will be regarded as a violation of the College rules.

Any injury done to the College walls or furniture, besides subjecting the offender to punishment, will be repaired at the expense of his parents.

T. W. BUTLER, S. J., President.
